THIS IS UNEVALUATED INFORMATION

The following table indicates the planned 1954 profits and the actual profits made during the first quarter 1954 at three enterprises which were SAG's until January 1954 and are now under the Main Administration for Liquid Fuels in the Production Area for Chemistry of the Ministry for Heavy Industry. All figures are in thousands of DM.

Enterprise	Planned 1954 Profit	Actual Profit First Quarter 1954
VEB Espenhain	60,556	10,886.7
VEB Schwarzeide	14,682	2,330.8
VEB Zeitz	35,762	6,882.0
TOTAL	111,000	20,099.5

- The above table shows that profit fulfillment during the first quarter 1954 was relatively low in the three plants. The main reason is that production in these enterprises suffered heavily in January and February 1954 from the cold wave.
